rsawyer@bedfordnh.org Please notify staff by email if there are technological issues
with the audio transmission during the meeting.**

AGENDA

1. ROLL CALL

2. PUBLIC COMMENTS

3. NEW BUSINESS

- a. Understanding of the NH governing law in its latest formation. What can we do or not do, and the form of organization that we should adopt.
- b. Estimation of system cost. We have information on street lengths and location of housing along streets. This needs to be compiled. Of concern is the set back of building unit from street service. Also any design will pretty much have to combine overhead service along established right away as I doubt there will be any ability to dig up road shoulders for trenching activities, but there may be some new ways around this. Need to review technology. There are several companies that promote "trenchless" systems.
- c. Estimation of operating costs. Equipment and maintenance. Billing questions etc.
- d. Design of network from hook in to major trunk fiber services all the way to end user.
- e. Involvement of existing and new ISP's in providing their services.
- f. Design of financial structure

4. ADJOURNMENT

All schedule times are approximate and are for the Chairman's use only. Any person with a disability who wishes to attend this public meeting and needs to be provided a reasonable accommodation in order to participate, please call the Town Offices at 472-5242 at least 72 hours in advance so that arrangements can be made.
