

Town of Bedford, NH DPW Permits

- Driveway
- Street Opening
- Deduct Water Meter
- Residential Sewer Connection
- Commercial Sewer Connection

For your convenience, the Town of Bedford, NH DPW is now offering *PermitLink*. It is an on-line, web based DPW permit application portal for use by property owners and contractors.

PermitLink works best on Firefox as a browser. Google Chrome and others will function but are less compatible and may create unknown difficulties in entering and processing an application.

Users of the *PermitLink* on-line permitting portal will have the ability to do one of three things:

- Apply for a New Permit (**this requires registration**)
- View their documents and add additional attachments (**this requires registration**)
- View all active DPW permits in the system (**no registration required**)

Once your log-in account is created, you can use it for all DPW applications you may wish to submit.

On-line payments are not available at this time. If the permit you are applying for has an application fee, the fee must be submitted via mail or be dropped off at the Public Works office at 55 Constitution Drive, Bedford, NH 03110.

APPLYING FOR A NEW PERMIT:

The applicant will click the Select button next to Apply for a NEW permit

Once they do a Log In screen will pop up

If already registered, you can just enter in your email address and password

If not registered, you can register by clicking Register a New Account below the log in field.
