ARTICLE 1
Authority

Section 1.1 Authority

These Rules of Procedure are adopted under the authority of NH Revised Statutes Annotated, 676:1 and the Zoning Ordinance of the Town of Bedford, Article XII.

Section 1.2 Name

The name of the board shall be "Town of Bedford, New Hampshire Zoning Board of Adjustment" as adopted at the Town Meeting of March 9, 1953.

ARTICLE 2
Powers and Duties

The Zoning Board of Adjustment shall have the following powers and duties:

Section 2.1 Administrative Appeals

The Zoning Board of Adjustment shall hear and decide appeals if it is alleged there is error in any order, requirement, or decision, or determination made by an administrative official in the enforcement of any Zoning Ordinance with regard to the terms of the Zoning Ordinance or any construction, interpretation or application of the terms of the Zoning Ordinance implicated in the decision under appeal.

The term "administrative official" as used in this Section means any official or board with responsibility for issuing permits or certificates under the Zoning Ordinance, or for enforcing the ordinance, including, without limitation, the Building Inspector, Zoning Administrator, Planning Board, Historic District Commission and Conservation Commission.

Appeals from the Planning Board may be heard by the Zoning Board of Adjustment *if* the Planning Board, in the exercise of its subdivision or site plan review powers, makes a decision or determination which is based upon the terms of the Zoning Ordinance, or upon any construction, interpretation or application of the Zoning Ordinance, which would be appealable to the Zoning Board of Adjustment as if it had been made by an administrative official.

With respect to Building Code appeals, the Zoning Board of Adjustment does not have the authority to waive the requirements of the code Per RSA 674:34The authority of the Zoning Board of Adjustment to amend a building code decision is limited to the following circumstances:

- A. The true intent of the legally adopted Code or Rules has been incorrectly interpreted; or
- B. The provisions of the Code do not fully apply; or
- C. An equally good or better form of construction is proposed.

The Zoning Board of Adjustment shall have the authority to hear appeals from denials of permits to build on a Class VI town road.

In exercising its powers in such appeals, the Zoning Board of Adjustment may reverse or affirm, wholly or in part, or may modify the order, requirement, decision, or determination appealed from and may make such order or decision as ought to be made and, to that end, shall have all the powers of the administrative official from whom the appeal is taken.

An applicant aggrieved by a decision of an administrative official shall have a time limit of thirty (30) days from the date of such decision in which to file an appeal except when the Zoning Board of Adjustment may vote to extend such appeal period for good cause shown and when the rights of interested parties will not be unduly prejudiced. The time limit begins on the first day after the decision that the office of the Zoning Administrator is open to the public. (See also Section 8.2)

Section 2.2 Variances

The Zoning Board of Adjustment shall hear and decide applications for variance from the terms of the Zoning Ordinance.

The Zoning Board of Adjustment may attach reasonable conditions to the granting of a variance provided that such conditions shall relate to the use of the land rather than to the personal circumstances of the person who will exercise the rights allowed by the variance.

Use Variances

The Zoning Board of Adjustment may grant an application for a use variance where the applicant has met each of the following five requirements pursuant to RSA 674:33:

1. Granting the variance would not be contrary to the Public Interest.
2. The Spirit of the ordinance is observed.
3. Granting the variance would do substantial justice.
4. The values of the surrounding properties would not be diminished.
5. The literal enforcement of the provisions of the ordinance would result in unnecessary hardship owing to special conditions of the property that distinguish it from other properties in the area.
 - A. Denial of the variance would result in unnecessary hardship because:
 1. No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property:
 2. The proposed use is a reasonable one.

B. If the criteria in subparagraph (A) above is not established, , an unnecessary hardship will be deemed to exist if, and only if, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance and the variance is necessary to establish reasonable use.

Variances for Persons with disabilities:

The Zoning Board may grant a variance from the terms of the Zoning Ordinance pursuant to RSA 674:33,V, without finding a hardship arising from the condition of a premises subject to the ordinance, when reasonable accommodations are necessary to allow a person with a recognized physical disability to reside in or regularly use the premises, provided that: (a) Any variance granted under this paragraph shall be in harmony with the general purpose and intent of the zoning ordinance.

In granting a variance pursuant to RSA 674:33.V, the Zoning Board may provide that the variance shall survive only so long as the particular person has a continuing need to use the premises.

The Zoning Board of Adjustment may attach reasonable conditions to the granting of a variance provided that such conditions shall relate to the use of the land rather than to the personal circumstances of the person who will exercise the rights allowed by the variance.

Section 2.3 Special Exceptions

The Zoning Board of Adjustment may authorize special exceptions to the terms of the Zoning Ordinance for uses specifically identified in the Table of Uses. The Zoning Board of Adjustment may grant such special exceptions in appropriate cases and subject to appropriate conditions so as to be in harmony with the general purpose and intent of the Zoning Ordinance. If the Zoning Board of Adjustment finds that all the requirements of the Zoning Ordinance are met, the special exception, subject to any conditions ordered by the Board, shall be granted. If the applicant does not demonstrate that each of the requirements are met, the Zoning Board of Adjustment shall deny the special exception. The Zoning Board of Adjustment may attach conditions to the granting of a special exception as may be determined to be appropriate to mitigate the impact of the proposed use on the surrounding properties and to protect the health and welfare of the Town and its residents. Such conditions include, but are not limited to, those conditions enumerated in Article III, Section 275-21.c and Table 2 and also Article XII, Section 275-91.c of the Zoning Ordinance.

Section 2.4 Equitable Waiver of Dimensional Requirement

When a lot or any other division of land, or structure thereupon, is discovered to be in violation of Article III, Section 275-22 and table 2, the Zoning Board of Adjustment shall grant an equitable waiver only if the board makes all of the following findings as more particularly provided in RSA 674:33-a:

- A. The violation was not discovered by any owner, former owner, owner's agent or

- municipal official until after the structure had been substantially completed.
- B. The violation was not caused by ignorance of the law, misrepresentation or bad faith, but was instead a good faith error in measurement.
 - C. The physical or dimensional violation does not constitute a public or private nuisance, nor diminish the value of other property in the area, nor interfere with or adversely affect any present or permissible future uses of any such property.
 - D. Due to the degree of past construction or investment made, the cost of correction so far outweighs any public benefit that it would be inequitable to require that the violation be corrected.
 - E. **OR**, In lieu of the findings in (a) and (b) above, the owner may demonstrate that the violation has existed for 10 years or more, and that no enforcement action has been commenced against the violation by the municipality or any person directly affected.

Section 2.5 Expiration of Approvals

Any administrative appeal, variance, special exception or equitable waiver granted by the Zoning Board of Adjustment will be rendered null and void unless exercised within two (2) years of the date of the approval, unless the applicant files a complete application for a building permit, site plan, or subdivision plan for the subject parcel at which point the Zoning Board of Adjustment approval will run with the administrative time line of the building permit or Planning Board decision. Minutes of non-public sessions must be disclosed to the public within seventy-two-(72) hours unless two-thirds (2/3rds) of the members vote to seal the minutes after a determination that divulgence of the information likely would affect adversely the reputation of any person other than a member of the Board itself or render the proposed action ineffective.

Section 6.4 Site Visits

Members of the Zoning Board of Adjustment may visit and make observations of a site which is the subject of an application. Members may make such site visits before the public meeting, or, the Board, in its discretion may vote to continue the hearing of an application to allow members an opportunity to perform a site visit. Observations on such site visits may form, in whole or in part, grounds for a decision of the Board. At no time shall more than two (2) members of the Board be present simultaneously during a site visit unless the site visit has been called as a public meeting and proper public notice as required by New Hampshire statutes has been given. Other than observations of the site, no evidence shall be taken; and there will be no discussions of the evidence or deliberations at such site visits.

Section 6.5 Change of Meeting Schedule

If an applicant chooses to proceed with less than five (5) members of the Board seated to vote, the fact that the decision, if adverse to the applicant, was made with less than five (5) members of the Board seated to vote, shall not be grounds for a Request for Rehearing or an Appeal.

Section 6.7 Disqualification of a Member

No member of the Zoning Board of Adjustment shall participate in deciding or shall sit upon the hearing of any matter which the Board is to decide if that member has a direct personal or pecuniary interest in the outcome which differs from the interest of other citizens or if that member would be disqualified for any cause to act as a juror upon the trial of the same matter in any action at law. Reasons for disqualification do not include knowledge of the facts involved gained in the performance of the member's official duties.

Where uncertainty arises as to the application of the above paragraph to a Board member in particular circumstances, the Board shall, upon the request of that member or another member of the Board, vote on the question of whether that member should be disqualified. Any such request and vote shall be made prior to or at the commencement of any required public hearing. The conduct of public hearings shall be governed by the following rules:

- A. The Chairman shall call the hearing into session, and identify the owner of record, applicant, and agent. If an agent is appearing before the Board and the applicant is not present at the meeting, the Board must have written authorization from the applicant stating that the agent has been appointed to represent the applicant at the hearing. If neither the owner of record, the applicant nor a properly authorized agent is present at the hearing, the Board may vote to dismiss the application without prejudice, not to be refiled with the Board for a period of six (6) months.
- B. After discussion, and/or upon a motion by a member, the Chairman shall entertain a vote by the Board to dismiss without prejudice by a majority vote an application on the grounds that the application is one which has been refiled by the applicant where the application previously had been scheduled for hearing, the application was withdrawn by the applicant, written notification of the withdrawal of the application was not received by the Town Office within five (5) business days of the scheduled hearing and less than six (6) months have passed from the date of said previously scheduled hearing;

- C. After discussion, and/or upon a motion by a member, the Chairman shall entertain a vote by the Board to dismiss with prejudice by a majority vote an application on the grounds that the application is similar to an application that was previously denied by the Board unless:
- (1) There has been a material change in circumstances since the previous denial of the application; or
 - (2) The application is materially different from the previously denied application.
- D. Regular members, alternate members, Zoning Administrator or staff liaison may ask questions at any point during the presentation and during all testimony.

 - (3) The Chairman shall call those in opposition to the application to speak;
 - (4) The Chairman shall then allow those neither in favor of nor in opposition to speak;
 - (5) Other parties, such as representatives of Town Departments and other own Boards who have an interest in the application shall be allowed to present their comments in person or in writing;
 - (6) All written statements shall be read into the record by the Vice-Chairman or such other member of the Board as the Chairman may appoint;
 - (7) The owner, applicant or agent presenting the application may give rebuttal testimony and a summation.
- F. Applications are presented in the order in which they are listed in the public notice for the hearing; however, the Board, in its discretion, may decide by majority vote, to hear, deliberate upon and/or decide applications in a different order.
- G. The Chairman shall indicate whether the hearing of an application is closed, or adjourned (continued) pending the submission of additional material or information or the correction of noted deficiencies. In the case of a continuance, additional notice is not required if the date, time, and place of the continuation is

made known at the adjournment.

- H. After the closing of hearing of the application, the Board will begin public deliberations . After deliberations, the Chairman shall entertain a motion from members of the Board for approval or denial of the application. All motions shall include findings of fact in support of the Board's determination. The Chairman shall also entertain motions for any conditions imposed upon the granting of an application or motions to defer the Board's decision. The Chairman shall then call for a vote of the seated members. Pursuant to RSA 674:33 III, The concurring vote of any three members shall be necessary to take action on any matter.

If a motion to grant a variance fails by a 2 in favor, 3 opposed margin, that does not mean that the variance is automatically disapproved. In such a case, one of the three members who disapproved the motion should now propose their own new should then vote on that motion which would likely pass, 3-2. This is especially important when there are fewer than 5 board members present since motions could result in a tie. Alternate motions should be put forward but if the board truly cannot find something at least 3 members can agree on, the meeting should be continued until a fifth member can be present.

Pursuant to RSA 674:33, I(c), The board shall use one voting method consistently for all applications until it formally votes to change the method. Any change in the board's voting method shall not take effect until 60 days after the board has voted to adopt such change and shall apply only prospectively, and not to any application that has been filed and remains pending at the time of the change.

- I. All public hearing portions of the meeting shall be terminated by ten o'clock (10:00) PM except that a matter under consideration may proceed or be continued to another meeting as determined by a majority of the voting Board members present. Agenda items not yet considered may be considered or deferred to the next meeting as determined by a majority of the voting Board members present. The Board shall decide all cases that have been fully heard within fourteen (14) days of the close of the hearing.

Section 7.3 Standing Orders

The Zoning Board of Adjustment, pursuant to Article 10 hereunder, may vote to amend the Rules of Procedure by adopting and incorporating one or more Standing Orders as an addendum to the Rules of Procedure. Any application for a variance, special exception, administrative appeal or equitable waiver granted by the Zoning Board of Adjustment of shall be subject to such Standing Orders.
